

WE ARE HIRING!

If you think you've got mad talent and future as a member of our company, come and join our team.

We have a unique position for a technically competent and communicative person! Do you have engineering skills and experience in machining and do you want work in production facilities in the field of heavy-duty machining? Are you looking for a job in abroad and Slovenia is tailored to this plan? Then we have literally dream job for you!

We are ENERGO-PRO group. Our core business is the hydropower sector. We operate hydro power plants in Central and Eastern Europe, the Black Sea region and Caucasus. As an originally Czech company, we gradually expanded to Bulgaria, Georgia and Turkey. Litostroj Power Slovenia and ČKD Blansko Engineering together create the industrial branch of our group. Our intention is to spread the fame of these traditional brands worldwide.

Join our awesome team in Slovenia and turn your regular day job into a career that suits your personality and passions
